NEED ASSISTANCE GETTING ONLINE?

OUR DIGITAL INCLUSION PROJECT CAN HELP!

WHAT IS THE DIGITAL INCLUSION PROJECT?

We want to help people with disability get online.

We know that being online is especially important during a natural disaster like floods, cyclones, fires or now during the COVID-19 pandemic.

People with disability need to be able to **get the facts and information, keep getting essential goods, services and support** like food, medicine, healthcare, disability support and **staying connected** to family, friends and workers.

> Our Digital Inclusion Project is a pilot project to help people with disability
>
> → Get access to digital devices
>
> $ Find out about options for affordable data
>
> Learn skills and digital ability to get online and stay connected.

We are offering digital workshops run by people with disability for people with disability.

WHERE IS THE PROJECT RUNNING?

It's for people with disability living in:
- Ipswich
- Brisbane
- Gold Coast and
- Townsville

WHO CAN BENEFIT?

If you or someone you know:

- Is living with disability and aged between 18-65
- Lives in one of the four pilot areas
- Currently doesn't own an up-to-date device and you aren't eligible to get funding for a device through another program
  OR
- You have a device and want to learn to use it to access information, essential goods, services and supports especially in an emergency or disaster.
